

**“Orvia is the new benchmark
in contemporary banquet and
conference chairs”**

Designed by Peter Roth, the Orvia has achieved the FIRA Ergonomics Excellence Award. Melding the latest innovative design with a unique asymmetric aluminium extrusion to create the illusion of slender elegance, whilst retaining the inherent strength for which Burgess chairs are renowned, the world over.

“Five ergonomic back shapes and a visually refined top-rail”

The Orvia range comes in five contemporary back shapes, with or without an optional top-rail. The top-rail uses a new extrusion which is refined in visual terms nesting subtly into the top of the upholstery, and is ergonomic for handling.

The armchair and task chair can also be ordered in all five back shapes. So there really is a choice!

Add a T after the model number for the top-rail e.g. 12/3T
Add an A after the model number for the armchair e.g. 12/3A
Insert a 1 after the / for the task chair e.g. 12/13A

Optional Extra
The chairs link using a simple retractable linking plate
A numbering system is available as a further option

The top-rail is an optional extra

12/5T

The uniquely designed geometry for the underframe ensures the chair can be stacked 10 high

Technical Information

A detachable writing tablet with rotary action is also an option
Fittings must be specified at time of order

Ergonomics Excellence Award

In collaboration with the Furniture Industry Research Association (FIRA) and their leading Ergonomics Consultant, Levent Caglar, the comfort of the Orvia chair is world class. The chair has achieved the FIRA Ergonomics Excellence Award.

Made in Britain

We are proud to say that for over half a century we have made all our chairs and tables to exacting standards in our West London factory.

Environmental Policy

As a leading industrial enterprise, we recognise our responsibility to the environment and are committed to achieving best environmental practice.

To this end we actively ensure that the environmental impact all of our materials, processes and products is reduced as much as possible or eliminated. The company is certified to ISO 14001 as well as having membership to 'Club Green', the highly acclaimed initiative run by FIRA.
